Commissioner Anick Brunet MOVED THAT the minutes of the regular meeting of the Council of Commissioners of the Sir Wilfrid Laurier School Board held on October 24, 2018, having been received by all members prior to this meeting, be approved as presented.

#### 4.2 Secondary Parent Commissioner:

On behalf of the Council of Commissioners, the Chairman congratulated Secondary Parent Commissioner Beliotis.

#### 4.3 SEAC Parent Commissioner:

The Director General received the Oath of Office of the SEAC Parent Commissioner, Stéphane Henley, and welcomed him to the Sir Wilfrid Laurier School Board.

On behalf of the Council of Commissioners, the Chairman congratulated SEAC Parent Commissioner Henley.

#### 5.0 Question Period

The Interim Director of Corporate Affairs and Secretary General reviewed the process for asking questions during question period.

The Chairman thanked Theresa Andrusko, a concerned parent from Genesis Elementary School, for all of her questions. He noted that after discussions with the Council, the school board would like to offer the community a Town Hall meeting to listen to all of the questions and concerns from the Laval community on wanting other options for high school besides Laval Junior and Laval Senior Academies. The Town Hall would be held at Laval Senior Academy in the auditorium on a date and time to be determined with the community.

Ms. Andrusko and other members of her group agreed to holding a Town Hall noting that the group wants to have transportation points in Laval that would enable students to attend Rosemere High School because it would provide another option for high school to the students in Laval. If this option was supported, students would remain in this school board rather requesting to go to school in Montréal. Rosemere High School is not at capacity and could house students from Laval with transportation.

The Chairman advised that the school board has submitted a request to the Ministère de l'Éducation et de l'Enseignement supérieur (MEES) for a special project school, also known as a 240 school, and is currently waiting for a response. The 240 school is planned for the 2019-2020 school year and will be a STEM (Science, Technology, Engineering and Mathematics).

He went on to note that the school board transportation policy states that if your child goes to school outside of the assigned school zone, transportation is the responsibility of the parents.

On a "point of order", Commissioner Guy Gagnon noted that this is an important convniothe gr(p-1.14u1 Tcyrd tr0 .66

- ✱ The MEES often distributes measure monies late in the school year, around the end of April, which makes it difficult to spend the entire amount prior to June 30;
- ✱ The 2017-2018 school year introduced the new measures structure and now mechanisms have been put in place for the 2018-2019 school year that will provide more detailed follow-up on the measure monies that are to be spent prior to June 30.
